A WYPALL® Microfiber Cloths with Microban® Protection

Environmentally friendly cleaning for lodging, office buildings and healthcare facilities. Built-in Microban® Antimicrobial Product Protection inhibits bacteria from thriving on the cloth, providing added strength against stain- and odor-causing bacteria. No chemicals needed—microfiber lifts and traps dirt and moisture, leaving behind a clean, dry surface. Quickly absorbs up to eight times its weight in liquid for a streak-free clean. Color-coded cloths help avoid cross-contamination. Machine washable. 15.75" x 15.75" cloths. 6 cloths per bag; 4 bags per case.

No.	Description	Case
KCC 83610	General-Purpose Cleaning (Yellow)	84.89

B

C

D

E

FYI

Airlaid wipers are thick and soft, with a cloth-like feel. They can be rinsed and reused, and are an economical choice. Airlaid wipers absorb grease and oil. They are available in both economy and heavy-duty grades.

Scrim reinforced wipers are multi-ply for extra absorbency. They are reinforced for extra durability and tear resistance. Use for medium-to heavy-duty jobs. Scrim reinforced wipers do not streak; they are ideal for glass and smooth surface cleaning.

DRC (double recepe) wipers are extra thick, with a cloth-like feel. They have undergone a double recreping process, making them extremely soft yet strong. DRC wipers are ideal for medium-duty applications. They are highly absorbent in water, grease and oil.

FYI Clean automotive glass is important for visibility and safety. Because ammonia can damage plastic, rubber, vinyl and leather interiors, be sure to use an ammonia-free glass cleaner or plain water. For a shine that's free of lint and streaks, use a towel that has been designed for cleaning auto windows. Lightly dampen the towel with cleaner or water and wipe up and down, then side to side using long strokes for a streak-free shine.
